

Stephen Yuhas Successfully Defends Occupational Case

Successfully defended an occupational case with the Second Injury where the employee experts found the employee was 100 percent disabled from an orthopedic standpoint, 35 percent from a pulmonary aspect and 25 percent internal disability. The employee only worked for our client for a short time but was demanding \$25,000 (Section 20). We offered \$7,500, which was rejected. After conferring with the judge, we were able to obtain the \$7,500 Section 20 settlement.
