The Opioid Epidemic: Managing Opioid-Related Workers' Compensation Treatment in Delaware, New Jersey, and Pennsylvania

Our workers' compensation attorneys will discuss methods to reduce opioid-related exposure for employers in New Jersey, Pennsylvania, and Delaware. As the opioid epidemic gains national attention, employers seek methods to curtail prescription medication misuse. Our attorney's will discuss litigation options specific to each jurisdiction as well as claims handling strategies to reduce opioid-related costs experienced by employers in the workers' compensation arena.
